'Economic Abstracts' contains only a selection of the vast number of abstracts on filing cards issued by the Library of the Economic Information Service, (Ministry of Economic Affairs), i.e. on literature – especially articles in important periodicals – with a more permanent value.

The Library of the Economic Information Service also publishes a fortnightly abstract review, mainly in Dutch, on medium and small business (f 24,— per year) and a number of weekly abstract reviews in Dutch on several branches of industry. On June 1, 1971, these reviews cover the shoe and leatherware, food, paint, furniture and furnishing products (f 60,— per year each); engineering industry, packaging (f 120,— per year each). Extensions to other branches are under consideration.

The filing cards can be consulted in the Library of the Economic Information Service,
